

## Mathematics Development

This week in school we will be comparing identical objects. When comparing objects we line the items up to make comparisons. We will be using vocabulary for comparing 'more than', 'less than' or 'equal to' with numbers up to 5. Count 2 sets of identical objects and compare them. How many \_\_\_\_\_ are in this group? How many \_\_\_\_\_ are in this group? Which group has more? Which group has less? Are the groups equal?

Continue to practise your number formation using the link below.

## Literacy Development

This week in school we are going to be reading 'Stick Man' by Julia Donaldson. Click on the link to listen to the story

<https://www.youtube.com/watch?v=QUdtUIr5jrk>

Stick Man goes on an incredible journey before he returns to his family. If you look closely at the illustrations you will see the changing seasons of the year. Choose your favourite season and draw it. Tell your grown up why it is your favourite season. I have attached a Seasons PowerPoint on our class page for you to use.
