

Communication & Language

This week is National Road Safety Week. Talk with your grown up about how to stay safe when crossing the road.

Personal, Social & Emotional

We are going to be working as a team this week to tidy up. Ask your grown up to give you a task to do at home for e.g. helping set the table or making your bed.

Physical Development

It is so important to stay active! This week I would like you to practise speed bouncing. Bounce from side to side over a rolled up towel for 20 seconds.

Understanding the World

Our RE topic in school this week is 'Birthdays'. We will be learning about how birthdays are celebrated. Play some party games at home. Which game is your favourite?

Expressive Arts & Design

Design a poster or banner for National Road Safety Week to tell people how to be safe on our roads.
