

Communication & Language

Find a teddy or one of your favourite toys. Put it under, on top and behind an object in your house.

Personal, Social & Emotional

Talk to an adult about some things that you like or dislike. Why do you like or dislike these things?

Physical Development

On Tuesdays we have to get dressed independently for PE. Practise getting dressing and undressed without a grown up helping you.

Understanding the World

Can you draw a map of your own bedroom? Look around your room, what can you see? What is next to it? What is on top of it?

Expressive Arts & Design

Go on a colour hunt around your house? How many different colours can you find? Can you sort the objects into colours?
